Accommodation: Your Home Away From Home

At the University of Isfahan, we prioritize your comfort with a variety of on-campus housing options designed for international students.

Accommodation Options:

- Nikan Student Hotel
- Shams Student Hotel
- Payambar Azam Student Hotel
- University of Isfahan Hotel
- Well-Equipped Dormitories

All accommodations feature study areas, kitchens, and essential amenities. The campus is conveniently located near libraries, computer rooms, sports facilities, restaurants, and public transportation, such as the Isfahan Subway System with supermarkets and other services within walking distance.

International Collaborations

With over 200 MoUs and MoCs signed with prestigious universities worldwide, the University of Isfahan (UI) is committed to fostering strong global partnerships. These collaborations create a dynamic academic environment that prepares students, faculty, and staff for success in an interconnected world.

Our international initiatives include, but are not limited to:

- Faculty and student exchange programs
- Joint research projects
- Joint and dual degree programs
- Webinars, seminars, and short courses
- Academic visits and seasonal schools
- Innovation centers and startup collaborations
- Professional training and services

Through these efforts, UI continues to expand its global reach, enhance cross-cultural learning, and drive innovation through international academic cooperation.

Some of Our Key Initiatives:

UNESCO UNITWIN Network brings together 9 universities, 2 intergovernmental organizations, and 1 governmental entity from 10 countries across Asia, Africa, South America, and Europe, fostering interdisciplinary, multidisciplinary, and cross-regional research.

Establishment of International Centers, such as South Korea Corner, Ruskimir, and IBSE.

Exchange Programs & Erasmus Mobility enable students from partner universities and UI to study at UI or abroad for a few weeks to a full academic year. UI has established numerous such programs with leading universities worldwide.

Joint and Dual Degree Programs are offered at various levels in collaboration with major universities worldwide. We have established or are developing such programs with institutions in Malaysia, Russia, Romania, and South Korea, and we welcome new partnerships with other universities.

Season Schools offer programs like Persian Language and Literature, combining language learning with cultural immersion, along with other short-term programs in collaboration with universities such as UM Malaysia, University of Zagreb, Strasbourg, and Freiburg.

International Center for Teaching Persian to Non-Persian Speakers

Prime Location in Isfahan

The International Center is located at the heart of the University of Isfahan, surrounded by beautiful landscapes and easy access to restaurants, sports centers, libraries, and more. The campus is connected to three Isfahan subway stations, offering convenient transportation options.

Global Learning Community

Attracting students from Asia, Europe, and Oceania, the center promotes a diverse and multicultural environment for immersive Persian language and cultural learning.

Innovative Teaching & High-Quality Education

Experienced instructors use modern, student-centered teaching methods to cater to all levels, ensuring effective learning.

Extracurricular Activities & Cultural Immersion

Students can explore Isfahan's landmarks, bazaars, and architecture through cultural tours, deepening their knowledge of Persian culture.

Affordable Fees & Comfortable Accommodation

The center offers affordable tuition and quality accommodation, with a supportive staff to make students feel at home during their studies.

Excellence in Persian Language

The University of Isfahan International Center provides an ideal setting for learning Persian with its prime location, diverse community, and comprehensive educational experience.

Excellence in Education

The University of Isfahan is renowned for its high-quality education and academic rigor, producing graduates who are highly sought after by industries and businesses. Many of our graduates secure positions at top organizations or create job opportunities for themselves. Furthermore, some of them hold important faculty positions at major Iranian and international universities, contributing to the global academic community.

The University of Isfahan maintains a continuous evaluation and quality assurance process to ensure academic excellence. This includes the regular evaluation of teaching methods, materials, and the performance of faculty members. Every semester, students and top performers provide valuable feedback, which directly influences faculty promotions and job security.

Our Teaching Development Center plays a crucial role in advancing education quality. The center offers mandatory workshops throughout the year for faculty members and lecturers, covering topics like teaching methodologies, integration of technology, and the psychology of teaching. These workshops are conducted in collaboration with national and international experts.

Relevant Centers:

Quality Assurance Center: with specialized committees ensuring continuous monitoring and assessment of teaching standards for the highest level of education

Teaching Development Center: dedicated to professional development, organizing compulsory workshops for faculty to enhance teaching practices with effective tools and strategies

Language Learning Center: offering both face-to-face and online courses for a variety of foreign languages, including English, Chinese, German, Russian, and more

Electronic Education Center: offering a wide range of online courses and programs to accommodate the diverse needs of students
